

A BRIDGE OF FRIENDSHIP

It's me, it's me, I'm building a bridge of friendship,
It's me, it's me, I'm building a bridge of friendship,
It's me, it's me, I'm building a bridge of friendship,
I'm building a bridge of friendship.

You can go everywhere, you can go around,
But in your heart your're building a bridge of friendship.
You can go everywhere, you can go around,
But in your heart your're building a bridge of friendship.

It's you, it's you, you're building a bridge of friendship,
It's you, it's you, you're building a bridge of friendship,
It's you, it's you, you're building a bridge of friendship,
You're building a bridge of friendship.

You can go everywhere, you can go around...

It's us, it's us, we're building a bridge of friendship,
It's us, it's us, we're building a bridge of friendship,
It's us, it's us, we're building a bridge of friendship,
we're building a bridge of friendship.

You can go everywhere, you can go around...
